## Background

Perth Markets Limited (PML) is an industry based facility owner, manager and developer.

The Market City Site, owned by PML, is a diverse cluster of businesses involved in wholesale trading, food retailing, business service providers and weekend consumer markets. The site, as a whole, not only plays a critical role in fresh produce supply and makes a significant contribution to the State's economy but it impacts on local communities and families.

The Market City site is situated on 51 hectares of land in Canning Vale, 16km south of the CBD of Perth and is the only Wholesale Fresh Produce Market in Western Australia. Over 235,513 tonnes of fresh produce were traded over the year to 30 June 2018 by Market City wholesale tenants through the Central Trading Area (CTA) with a wholesale value of \$669M.

The site was acquired by PML with ownership assumed on 31 March 2016, from the Western Australian Government under its asset sales program.

PML is an industry focused, unlisted public company with stapled securities holders who are predominantly horticulture value chain industry participants.
